

Job Description

JOB TITLE:	Business Operations Coordinator
REPORTS TO:	Head of Business Operations and Finance
JOB PURPOSE:	Provide proactive administrative support for projects, events, accounts and activities across the organisation, including customer liaison, logistics and contracts management. As a member of the Business Operations team provide professional customer service for business retention and growth.
GRADE/SALARY:	£26,227.50 per annum (or pro rata if not a full-time arrangement)
Date of Issue:	May 2026

Ideally the post would be full-time but we are open to a range of flexible working options.

1. MAIN RESPONSIBILITIES

- Provide coordination and logistical support for a range of projects, events and activities. This could include maintenance of internal calendars and project tracking, drafting of proposals and contracts from templates, creating joining instructions and other related documentation.
- Support business and relationship development by acting as a point of contact for external queries, providing professional customer service, liaising with internal and external colleagues/clients. Logging new business opportunities on CRM and keeping track of new enquiries in collaboration with colleagues.
- Manage administration processes for Vitae's online subscription professional development tool – providing quotes, writing user agreements, answering questions or sign posting to information/appropriate team members.
- Financial support – provide day-to-day administration of accounts, including the sales and purchase ledgers to the daily cash postings and bank reconciliations, liaising with external clients and members on accounts matters, and credit control.
- Using established templates, produce surveys and collate data for reporting on engagement with Vitae events and activities.
- Attend offsite training events and meetings where necessary, including annual Vitae Conference.

If interested I: candidate could have option of assisting with HR admin and staff training and team days

2. KEY RELATIONSHIPS
